The following installations were observed:

25X1

1. At Komárom (4745N 1806E), on the south side of the railroad, a curious installation was observed consisting of approximately 16 masts or poles about 100 feet in height in a circle, having a diameter of approximately 300 feet.
2. At Nagytétény (Budapest XXII) a curious cigar-shaped mast was observed with a smaller painted mast beside it. On the other side of the road there were nine more masts, seven normal-looking ones and two with a special array at the top.
3. At Várpalota three large new factories were observed, in the grounds of one of which was an electrical transformer station.
